

Sabella
PRIVATE RETREAT

About Sabella

The ultimate in luxury and privacy, Sabella boasts 6 opulent self-contained Private Suites accommodating up to 14 guests ideal for families and small safari or executive groups with its own game drive vehicle and game ranger, as well as a personal butler to take care of your every need!

A diverse wine selection, gourmet kitchen and lounge complete the picture.

This Private Lodge also boasts a large swimming pool and offers extended amenities to groups of guests wanting to truly get away from it all on a wildlife experience in Africa.

A personal luxury is being able to set your own meal and safari game drive times, making this the idea, exclusive Bushveld escape.

Your sumptuous gourmet experiences are enjoyed in Sabella's beautifully decorated dining room, and prepared in the state-of-the-art gourmet kitchen by your personal chef. You can even pick up a few culinary tips whilst you watch your meal being prepared!

Rarely can guests be accommodated in such privacy and luxury with such an array of unique Bushveld experiences to choose from: like playing golf at the private course, mountain biking, trail running or watching the Buffalo breeding pack as part of the game or bird viewing options - creating a truly unforgettable experience that far exceeds expectations.

Here you have the Luxury of setting the pace of your Bush Experience...

Leadership Retreat

Just a few centuries ago, most people lived on farms or in agricultural communities. The yearly cycles created a rhythm to life, and the seasons ensured a sense of balance. When the autumn moved into winter it was a quiet time to reflect before springtime activity returned. Today in our 24/7 fast-paced life, we have created a breed of people - and a breed of executives - who suffer the imbalances of lots of action with little or no time for reflection.

We see the sequences and consequences of this all around us, in dangerously multiple ways, whether on a personal level through experiencing high levels of stress, anxiety or loss of self esteem for example, or in companies through ineffective communication, lack of trust, deteriorating service or a decrease in creativity.

This may sound simplistic, but taking REGULAR time to reflect may save you from many of these syndromes that we witness and EXPERIENCE all the time.

TAILORED PERSONAL AND TEAM LEADERSHIP INTERVENTIONS

Designed according to your needs and aspirations, our leadership retreats offer access to a range of accredited leadership development specialists, each applying unique development technologies. Using innovative coaching tools and proven facilitation mastership, we help teams to recreate themselves anew.

- We guide people to unleash their core strengths and natural intelligence.
- We help managers re-centre on their own personal effectiveness and motivation, so that

they can bring transformational improvements to organisational effectiveness.

- We help engender highly productive relationships between team members, where transformational learning can be leveraged into organisational results.

Take some time to work through the unique value we can bring you when we combine it with our private luxury environment. Then, when you are ready to find out more, e-mail us or enquire for more information on-line. We look forward to hearing from you soon.

Finding your Rhythm in a Luxury Bushveld setting...

- Private game vehicle with ranger - set the pace of your safari
- Personal butler
- Satellite TV & DVD and music collection
- Small library
- Wi-Fi

Pure Indulgence...

Activities

Game Drives

Africa's game abounds in the area and each day brings something different, as you explore the endless fascination of Africa's wildlife in an open Game viewer. Whether it is a leopard on the hunt, giraffes and their babies, zebra and wildebeest grazing together on the open planes or a kudu chewing on some tasty leaves, each viewing will enthrall.

Walking Safaris

Walking will allow you to discover some of the endless fascinating, smaller creatures of Africa. Coming across an attractively marked Leopard Tortoise, watching a fascinating Rhino Beetle or a stunning plumed Lilac Breasted Roller, are just a few of the amazing encounters awaiting you.

Mountain Biking and Trail Running

An exciting activity offered by Sabella, this mountain bike trail, has enough ups and downs, sand and rocks to give you the extreme challenge you are looking for. The 3 trails cover both wide single track and double track in an area that is perfectly molded for mountain biking and trail running. Guests have reported the trail as very challenging. Sabella also hosts an annual MTB race around late April which are open for public. There is no fee for guests to ride the trail, but you'll have to be more than 4 guests staying at least 2 nights.

Boma Dinners

For a more traditional dining experience, our guests may enjoy a traditional Boma Dinner. After the evening game drive, guests will be drawn to the essence of a burning fire. Here a hurricane lamp lit "dining room" under African skies, and a feast of delicious cuisine awaits.

Golf at Sabella

The 36 par 9 hole designed Sabella Golf Course was specifically created to blend in with the surroundings, providing sophisticated leisure amenities in an undisturbed natural environment. It is an absolute paradise for bird-watchers and a challenge for golfers alike, in the most spectacular of surrounds.

Wildlife Photography

Those with a passion for wildlife photography will be able to get various tips from their ranger on taking the perfect safari picture, while on their game drive. Our rangers are avid fans of photography, many of them having entered competitions with great results. Our rangers will be happy to assist in any way they can.

Culinary Retreats

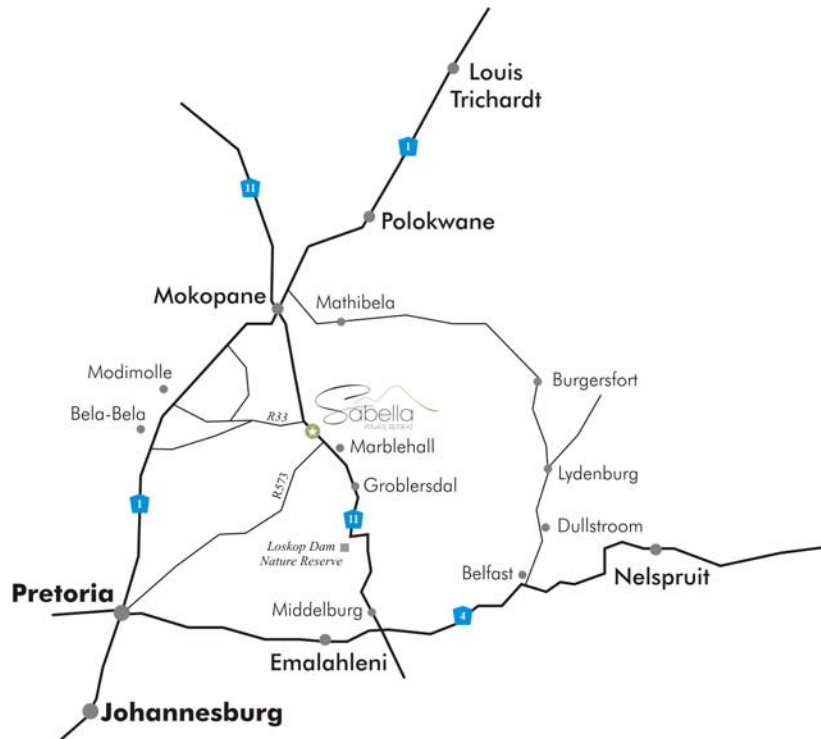

Sabella is a place to rethink your ideas about food and cooking whilst Etienne or Lindi act the willing mentor, coach and teacher. We don't cook haute cuisine in chef's whites at Sabella – we just grow and buy seasonal produce from local farmers and demonstrate and make great food together on open fires and gas barbecues based on Parkhurst Kitchen's proven concept and their love for food.

Our programs have grown from Parkhurst Kitchen's successes with Corporate Team Buildings in Johannesburg's leafy suburb, Parkhurst and their great relationships with organic growers and enthusiasts of free range produce, particularly butchers. Now you too can work with them to learn how to debone a leg of lamb, chicken and smoke your own cuts, whilst enjoying paired wines in nature's back garden and breadbasket.

Please contact us for more information, themed menu's (based on season) and availability.

The ultimate culinary breakaway with Nature's inspiration with guidance from a passionate chef team...

Location

Views of the Springbok flats' basin, which are 160km long and 30km in diameter, stretches as far as Kranskop with significant Karoo-like savannah vegetation which symbolizes a paragon of beauty. Sabella Retreat is situated on an elevated edge of this significant natural basin, giving you magnificent sunsets and an amazing sense of Africa's beauty.

The malaria free Sabella Retreat is home not only to a vast variety of non-predatory game, but also to a wealth of other fascinating creatures, including sabres and an enclosed buffalo breeding herd. Our team at Sabella looks forward to showing you Africa's wonderful wildlife, and to fulfilling your every wish. Wildlife can be viewed on game drives, walking or cycling safaris, and from the privacy of your suite deck.
